ScriptureSpace

Export-Ready Brand Media Kit

ScriptureSpace

Grow in Scripture. Build in Community.

Includes logo exports, app icons, adaptive Android layers, PWA/favicons, social graphics, launch assets, brand copy, and brand tokens.

1. Logo System

Use the primary logo on light backgrounds. Use the icon-only mark for app icons, favicons, social profiles, and compact navigation.

ScriptureSpace

Primary Logo

App/Icon Mark

2. Color Palette

Color	Hex	Usage
Sage Green	#A8C5A6	App icon background, soft surfaces
Deep Green	#0F3B2E	Wordmark, navigation, primary brand text
Crown Gold	#D4AF37	Crown/community motif and highlights
Warm Ivory	#F8F5EC	Backgrounds and cards
Charcoal Green	#061F18	Dark mode surfaces

3. App Icon System

The app icon uses an open Bible, crown-like gold community ring, and radiant star motif. Do not add text inside the icon.

iOS / App Store

PWA Maskable

Android Foreground

4. Brand Copy

Primary tagline: Grow in Scripture. Build in Community.

Brand essence: ScriptureSpace is a welcoming community where God's Word comes alive through shared reflection, meaningful connection, and steady spiritual growth.

5. Export Checklist

Folder	Included
01_Logos	SVG wrappers, clean vector recreation, PNG exports, and PDF logo exports.
02_App_Icons	iOS, Android, PWA, favicon.ico, maskable icon, Android adaptive layers.
03_Social_Media	X/Twitter, LinkedIn, Facebook, YouTube, GitHub, Instagram post/story, launch promo.
04_Web_App_Assets	Website header logos and splash screens.
06_Source_Files	Brand color JSON, CSS variables, and clean vector recreation.

Note: the detailed approved logo artwork is raster. SVG files include embedded raster versions for compatibility plus a simplified clean vector recreation. For trademark registration or fully editable illustration paths, hire/manual-vectorize the final mark.
